A Boy Bigamist

Milwaukee, Aug. 5—Eddie Nest, a boy living at Brandon, was arrested at Grand Rapids, Wis., and taken to the former place to answer the charge of bigamy. On July 21, he was married to Edith Aebel, of the town of Springvale. The next day he left her and ran away with a Miss Gertrude Cole, also of Springvale, and they were married the same day after which they started for the far north to spend their honeymoon.

Gladstone Recovers

London, Aug. 2.—Mr. Gladstone remained in his bed-room yesterday. Sir Andrew Clarke, his physician, called at 7 p.m. He found Mr. gladstone so far recovered that he will be able to transact his usual business to-day. Yesterday Mr. gladstone received Sir William Harcourt, Mr. Morley, and his intimate friends, Mr. Armistead and Lord Acton. Mrs. Gladstone expresses annoyance at the wanton rumors in regard to her husband's illness, seeing that full information concerning his condition is given to accredited inquirers.

Killed by His Son

Evansville, Ind., Aug. 5—William Hodson, a master draymen and a member of a prominent family in this city, was shot and killed by his son, Harry. It appears the tendency of the family was at first to shield the son in his

crime and attribute the death to suicide, but this was exploded by an eye witness. The son was arrested. The deceased was an active Republican and a generally well liked man.

Internal Revenue Report The Year Shows an Increase in collections of \$7,822,128.

Washington, Aug. 1.—The total collections from all sources of internal revenue for the fiscal year just ended were \$153,857,543, an increase of \$7,822,128 over last year. There was a decrease in the receipts from the tax on snuff, tobacco and the special taxes relating to tobacco of \$1,795,777, occasioned by the reduction in the tax on tobacco and snuff and the repeal of the special taxes relating to tobacco under the provisions of the act of Oct. 1, 1890.

Heavy Steals

Montreal, Aug. 5—Serious discoveries have just been made in the books of the Montreal Gas company, showing that thieving by some one whose name has not been divulged has been going on for a number of years past. The amount of the embezzlement is placed at form \$10,000 to \$50,000

Wisconsin Earthquake

Racine, Aug. 5.—A distinct earthquake shock was felt at Burlington, twenty-seven miles west of here. The shock, which lasted only a few seconds, was felt in several places in that section.

Exciting Capture of a Pair of California Road Agents

Visalia, Cal., Aug. 6—The two men who robbed the Wells-Fargo safe after blowing open the express car with dynamite bombs, near Fresno, were captured near here after an exciting chase during which Deputy Sheriff Witty was shot in the neck by the flying criminals.

A Bad Wreck-Officials Reticent

Harbor Creek, Pa., Aug. 6—A bad wreck occurred on the Lake Shore railroad at this place. Shortly after 11 o'clock two freight trains came in collision, and a few minutes later train No. 6, the Chicago and Western special, eastward bound, while running at a rapid rate crashed into the wreck and piled up into a heap. Train Ditched In Colorado

Denver, Colo., Aug. 6.—A freight train on the Santa Fe ran into a washout caused by heavy rains at Timpis, eighteen miles south of here last evening. The engine and eight cars of freight were ditched. Two section men were caught in the wreck and one of them had his leg broken and was otherwise injured. Six hundred feet of track were washed out and traffic will be delayed until the track is repaired.

Quiet at the Steel Mills

Homestead, Pa., Aug. 6—At Duquesne everything is quiet. Men who have been working in the mill were escorted to their homes by deputy sheriffs. Affairs in Homestead are also remarkably quiet, but the close of another week find the strikers as firm as ever.

Still A Mystery

Fall River, Mass., Aug. 6.—The latest development in the Borden murders relating particularly to the theory of poisoning has given way today to the talk of the funeral, which took place this morning. Miss Lizzie and Miss Emma Borden were, of course, the principal mourners. Miss Lizzie went out of the house first leaning on the undertaker's arm. She was self-conscious, but her nerves were completely unstrung, as was shown by the great trembling of her body and the manner in which she bore down on her supporter. When she reached her carriage, she fell back exhausted on the cushion. Miss Emma, the other sister, was much calmer, and walked quickly and took her seat without hardly glancing at the crowd staring at her. Miss Lizzie borden is a very pretty woman and quite fleshy. Her face showed traces of the intense suffering she had borne for three days.

The latest clew being followed involves a camp of gypsy-looking horse traders, camped on the outskirts, one of them answers the descriptions given by three persons of a man seen near the Borden house before the murder.

Thousands Thrown Out of Work

Ashland, Wis., Aug. 7.—All mines under the control of the Wisconsin Central Railroad company on the Gogebec range save the Ashland mines closed down last night and some 7,000 men were thrown out of employment. The cause of the shutdown is indirectly attributed to the Homestead strike. No ore can be shipped except from the Ashland mine until the Homestead matter is settled.

The Cyclorama

Chicago, Aug. 8—Arrangements have been made to exhibit on the reunion grounds the great Cyclorama of the Battle of Gettysburg. It is an exact duplicate of the one being exhibited in Chicago. It is three hundred feet in circumference and sixteen feet height and is the greatest war panorama in the United States.

Congress Adjourned

Washington, Aug. 8—We are glad that Congress has adjourned. This body with a large democratic majority

has been the most inactive, do-nothing congress, we probably ever had.

And all stinginess in small matters notwithstanding it has in its first session appropriated forty million dollars more than the first session of the so-called billion-dollar congress did.

Ottumwa's Box Factory Consumed

Ottumwa, Ia., Aug. 8.—The seven buildings composing the Kerr ventilated barrel and box factory were destroyed by fire. The factory was outside the fire limits and the pump furnishing the water supply gave out at a critical moment. Loss, \$70,000, with insurance less than half. F. J. Moss, the superintendent, was overcome by heat.

World's Fair is Cut

Chicago, Aug. 8—The cutting down of the appropriation for the World's Fair, to one half of what is needed is a miserable democratic stinginess, and this sum ought not to be accepted by the administration of the fair, especially as it is coupled with the unreasonable condition, that the fair shall not be open on Sundays.

She Was Not A Lawyer

Windsor, Ont., Aug. 8.—John Beck of Cincinnati has caused the arrest of his wife, charged with bigamy, and of Henry Crofton, alias Basht, charged with bringing stolen property into Canada. Beck says that Crofton eloped with his wife from Cincinnati, taking Beck's household goods, and that they came to Windsor and were married. Mrs. Beck says she thought that when she moved to Canada her marriage to

A Victory for the Bookmakers

Chicago, Aug. 9—Judge Ketelle handed down a decision in the case of Fisher D. McArerial, the Garfield park bookmaker, arrested on a test case last week. He decided that the state law of 1887 permitted pool selling as constitutional and therefore the police had no right to arrest bookmakers. It is probable that the Garfield Park club will continue racing.

John Washam was fatally shot in the bowels, and James Cox was shot in the arm and breast, not fatally. The quarrel arose about Mrs. Miller, a sister of the Washams.

Rainmaking Failure

Council Grove, Kan., Aug. 9.—A member of the Goodland Artificial Rain company has been operating here for the past four days. He was to receive \$400 cash if he produced an inch of rain fall twenty miles square. He gave up the job in despair and departed. The experiments in this county have thoroughly exploded the rainmaking delusion.

Lawyer Poston, in connection with the scandal of Colonel King and the widow of General Pillow, has escaped the gallows. Governor Palmer has commuted his sentence to imprisonment for life. Colonel King is said to have received the news calmly.

An Inhuman Mother

Mankato, Minn., Aug. 11—The corner and sheriff were summoned to Eagle Lake to investigate the death of a month-old babe, which occurred Monday. A married daughter of Eric Warshing, whose name cannot be learned, poisoned her babe with "rough on rats." The funeral services were in progress when the pastor notified the constable that the mother's act should be investigated. It appears that she took another small child and drowned it in a well. It is stated that she confessed both crimes.

Burned by Carboic Acid

Worcester, Mass., Aug. 11—Four employees of the Washburn & Moen wire mill were horribly burned by sulphuric acid. The acid is used for cleaning copper wire and is forced into the annealing room through lead pipes. Only a small amount of acid had been pumped from the tank when suddenly one side of the receptacle burst outward, throwing the awful fluid over the four men. Their condition is very precarious.

Kearney, Aug. 5—In the Kearney convention Burrows has been buried by Van Wyck, and Kem was gloriously denominated, all the opposition of the Burrows "Liberty" paper notwithstanding. Powers could not get, what he wanted, and did not want, what he could get, and consequently was left unwarded. The Van Wyck faction is on top, and the Burrows-Powers faction is down.

Lincoln, Aug. 5.—Governor Boyd has commuted the sentence of William Simpson, a convict in the state penitentiary who has nearly completed a term of imprisonment for burglary. Hastings, Aug. 6.—There are practically no new developments in the investigation of the murder of D. S. Cole. The report that more than one woman would possibly be implicated is confirmed but still it is doubtful if enough evidence can be obtained to warrant arrests. The adjournment of the coroner's

jury until Wednesday evening is to give the officers and a half a dozen detectives more time to work upon the case and to obtain more positive evidence. It is quite generally believed here that no one will ever suffer punishment for the crime.

The funeral will be held at 4:30 tomorrow.

Juniata, Aug. 7.—Juniata's business carnival Tuesday night was a decided success. A large crowd was in attendance and frequently cheered the performances. They realized about \$75. It was repeated last night for the benefit of the local band.

Burrows & Co., who were positive that they would break the smart Van Wyck into smithereens at the Kearney convention are now crawling home from the long distance at which he landed them, madder, but perhaps wiser men, greatly disfigured and not in the ring. Van had control of the machine and when he pressed the button it did the rest.

GRAND ISLAND & HALL COUNTY NEWS.

A most exciting feature in Miss Hettie Chase's play of "Uncle's Darling" is the terrific storm scene with real rain and artificial hail which is poured down upon the stage in such torrents as to frighten the occupants of the first rows. See it at the Bartenbach Saturday night.

A Souvenir of Grand Island

This little album of photo lithographic views is made from photos, it contains pictures of the principal industries and buildings of our city and is a credit to both the publisher and the

printer. It is a handy thing to send to eastern friends and a good advertisement for Grand Island.

There was something of a scare in the Grand Island Printing Co.'s office below the Bank of Commerce last night. The furnace had been stuffed with paper and sweepings and when it was ignited it smoked up the whole neighborhood. The fire department was called out on the quiet but could do nothing. No damages.

Yesterday morning whilst a little child of Mrs. Manning was playing on the streets, it was almost run over by a horse and cart driven by Mr. Ferar. We understand the little one did not see the horse coming, and Mr. Ferar did not see the child until almost on top of it. It seems the horses foot just grazed the child's ankle and a rather severe case of fright was, fortunately, all that resulted.

Last night while Samuel Elliott, an employee of the Union Pacific, was standing between two tracks in the yard waiting for one of the trains, was struck by engine 804, and thrown several feet. The engine hit him on the shoulder severely bruising it, and the fall resulted in a broken wrist.

The value of Grand Island took an

upward shoot yesterday morning of about \$60,000,000. This is explained by the fact that the government's team of gold, consisting of four sleepers passed through here at that time. The train was securely guarded by fifty well-armed men. It is said to be the largest shipment of gold ever made.

The present time of great heat has proved to be very dangerous to the little ones, and many parents and their friends mourn over the loss of young children. Mr. and Mrs. Hopke's little baby died yesterday, and Mr. and Mrs. Roth's during last night, both in consequence of summer complaint.

A pleasant picnic party was given at Sand Krog yesterday in honor of Messrs. Tho and Will Westermann of the Lincoln News force. The usual amount of dancing was indulged in, after which a lunch, seldom equaled in variety and quality, was served by the old "uns" if the party. Although the whole affair was purely impromptu, it served as a most pleasant occasion.
