*This money must reach us before twenty days, unless you will have the right ear. For further information address general delivery post office, Chicago, St. Louis or New Orleans. Respectfully, P. J. Nunnez.*

It will be remembered that Judge Marr of the criminal district court in this city mysteriously disappeared last April. ### More American Tin

Norristown, July 31.—The Edwards tin plate plant began operations today. For the present one set of baths is employed, turning out 500 boxes of perfect roofing sheets per week. The works were christened by the wife of Manager richard Lewis, from Wales, who conducted the operation of turning the first plate, which ws cut up into small pieces as souvenirs, for which there was a great demand. The tin was inspected by a local dealer, who pronounces it of better quality than the average tin-

plate of commerce. This is partly accounted for, Manager Lewis says, by the fact that the baths supplied by the American manufacturers are far better than those employed in England. within a year a tin-plate plant will be established in Conshohocken.

### **Rifled the Mails**

Duncan, Neb., July 31.—Politics in this part of the civilized world is rather quiet. The flattering crop outlook has a tendency to keep the farmer contented with the way matters pertaining to government affairs are being conducted. Republicans are in the minority, but what there are are very strong and healthy. All are looking forward anxiously to the fourth of August. For governor Judge Crounse is the favorite in this vicinity, and it is believed he would draw heavily from the independent ranks in this precinct.

Omaha, Aug. 1—This city is filled with disgusted sports. The action of the South Omaha athletic club in calling in the police when the club favorite, Wilks, was being trounced by Ryan, is condemned on all sides. The police gave notice that the fight must stop at midnight, but they came in at 11:31. Wilks' nose is broken, two teeth are gone, his lip split and one eye closed. Ryan is unmarked. Referee Parmelee is being scored for calling the battle a draw so soon after police interference, as the fight could have been finished later. Ryan would have whipped Wilks in another round.

Plattsmouth, Neb., Aug. 1—The Watterman opera house block was

destroyed by fire at an early hour Sunday and the origin of the fire is a mystery but is supposed to be incendiary. The building was valued at \$50,000, insurance \$13,000. Joseph Klein, clothier, loses \$16,000, insurance \$12,000; M. B. Murphy, grocer loses \$6,000, insurance \$2,000.

Lincoln, Aug. 1—During a quarrel John Berry was fatally stabbed by William Neff. The trouble began over a woman and several blows were struck before the knife was used. Berry died in a few minutes.

Omaha, Aug. 1—We are glad to notice that the sentiment in favor of Judge Crounse's nomination for governor, has during the last time been growing considerably. There is hardly a man in Nebraska who has all the qualification in a higher degree than Judge Crounse, who for a quarter of a century has, in the most honorable way, performed the duties of several offices in our neighborhood.

Beatrice, Neb., Aug. 2—Governor McKinley was met at the train by 2,000 Republicans, who escorted him to the Paddock hotel. Omaha, Aug. 2—The Douglas county convention, held yesterday at Omaha, declared in favor of the nomination of Judge Crounse for governor, first by a two-third majority and then with unanimity. In Lancaster county the action of that county's convention had the same result favorable to Judge Crounse.

The friends of Judge Crounse of Omaha and T. J. Majors, present lieutenant governor, have been conducting a lively canvass, which is likely to increase in earnestness until the nomination is made.

The common afflictions of women are sick-headaches, indigestion and nervous troubles. They arise largely from stomach disorders. As Joy's Vegetable Sarsaparilla is the only bowel regulating preparation, you can see why it is more effective than any other Sarsaparilla in those troubles. It is daily relieving hundreds. The action is mild, direct and effective. We have scores of letters from grateful women.
